

**A Financial Services Platform that starts with
Biometric enabled Blockchain Validated Identity**

The KABN Network is an integrated suite of financial services that includes the KABN Visa Card, an approved digital currency linked prepaid Visa card and mobile integrated multi-currency banking wallet; KABN KASH, a robust loyalty and engagement program and the network anchor, KABN ID, Always On, GDPR compliant, blockchain and biometrically based, identity verification and validation platform. KABN ID is free to use service for consumers and provides continuous monitoring and proof of identity online and in conventional marketplaces.

**Always on compliance starts and
maintains the customer relationship**

What We Solve:

For our clients:

- International ongoing compliance solutions that are faster, better, cheaper
- Access to qualified consumer customers
- Avoiding liability for storing sensitive data

For our customers:

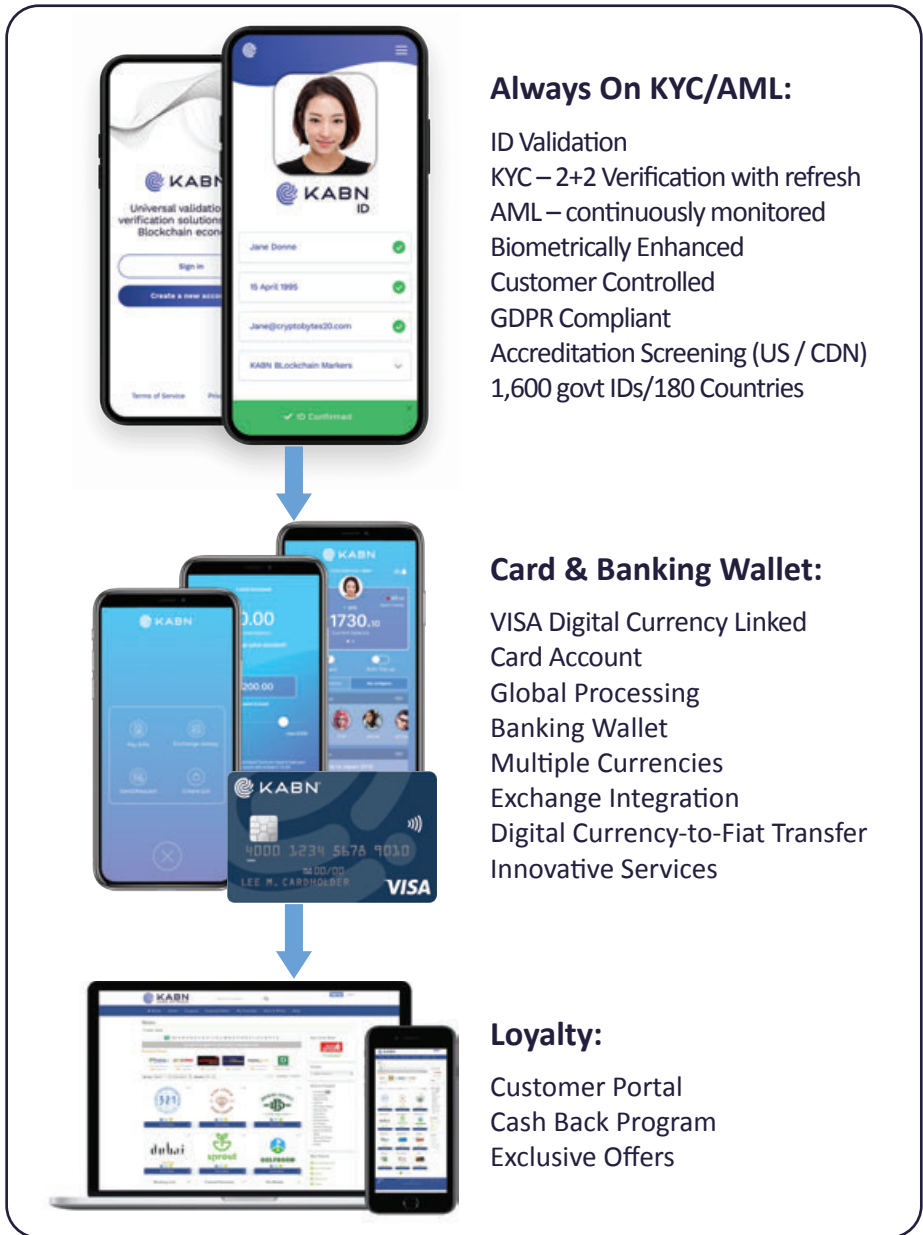

- Millennials and Gen X consumers want to spend digital currency on everyday items (over \$100B stranded digital currencies)
- Increasing distrust for traditional brick and mortar FI's especially among Millennials and Gen X
- Retail investors want access to early stage opportunities

Revenue Model:

- Card transaction fees
- Compliance screening fees
- Digital currency conversion fee (revenue share)
- Loyalty and affiliate commissions
- Bespoke service fees

Future Focus:

- ✓ Bill Payments
- ✓ P2P & Remittances
- ✓ Lending products
- ✓ In-wallet loyalty currency conversion

Always On KYC/AML:

- ID Validation
- KYC – 2+2 Verification with refresh
- AML – continuously monitored
- Biometrically Enhanced
- Customer Controlled
- GDPR Compliant
- Accreditation Screening (US / CDN)
- 1,600 govt IDs/180 Countries

Card & Banking Wallet:

- VISA Digital Currency Linked Card Account
- Global Processing
- Banking Wallet
- Multiple Currencies
- Exchange Integration
- Digital Currency-to-Fiat Transfer
- Innovative Services

Loyalty:

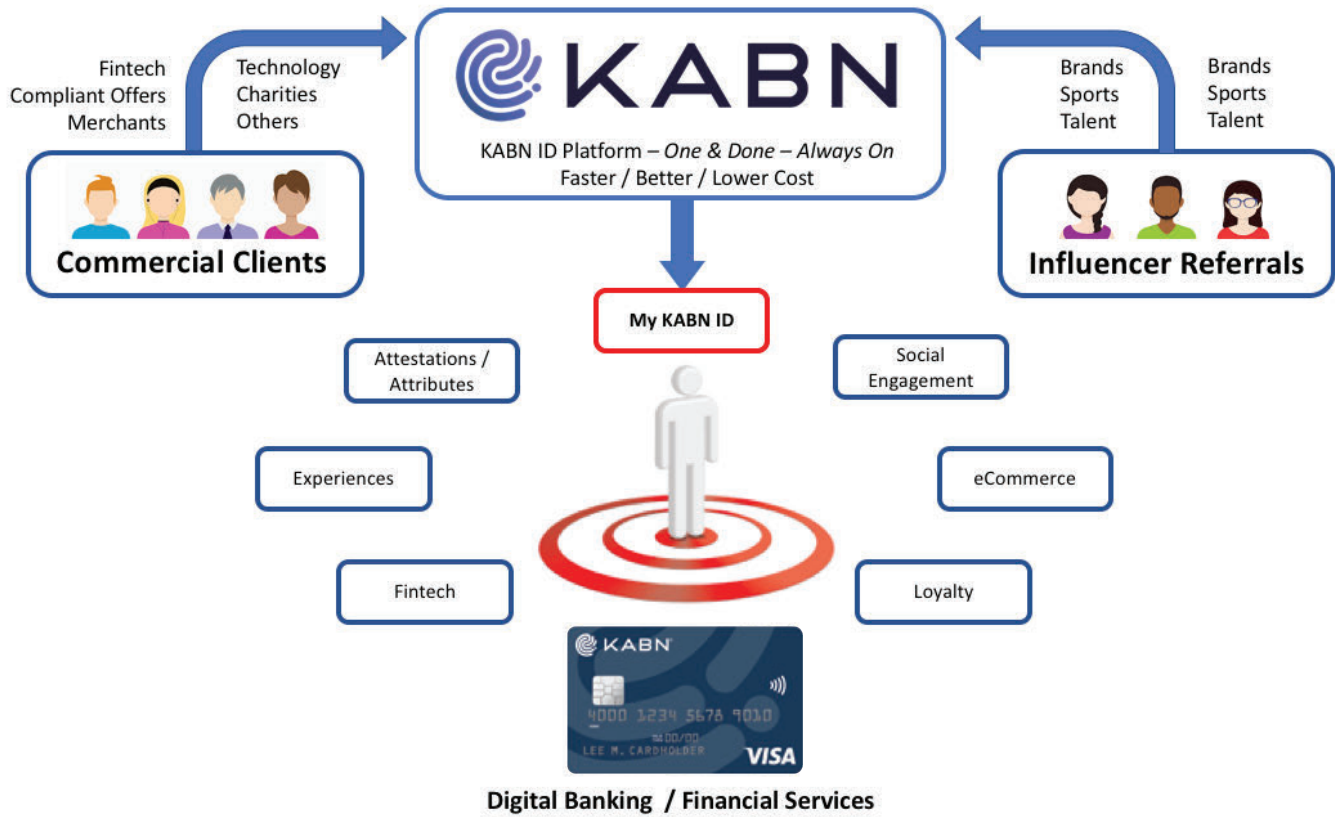

- Customer Portal
